MIS & REPORT ANALYTICS CONSULTANT

+91 88949 40470 | armanrbhardwaj@gmail.com | LinkedIn: Armanrbhardwaj

PROFESSIONAL SUMMARY

MIS and Report Analytics professional with experience in business reporting, Excel-based reporting systems, sales and inventory analysis, variance reporting, and operational performance tracking. Prepares daily and monthly MIS, investigates stock and sales discrepancies, and supports reporting workflows through spreadsheet-based analysis and dashboards.

PROFESSIONAL EXPERIENCE

EGREMONTZ BUSINESS SOLUTIONS
Delhi

Consultant — Report Analyst / MIS Reporting
01 Aug 2024 – Present

• Prepare and review daily, monthly, category-wise, and outlet-wise MIS reports for business monitoring.

• Analyze sales, purchase, profit and loss, stock movement, and variance data to identify unusual results and reconciliation gaps.

• Support reporting across outlet and factory workflows, including production, stock transfers, dispatch, and sales.

• Track stock mismatches, billing discrepancies, cancellations, and data synchronization issues.

• Organize client-facing reports with clear remarks, follow-ups, and actionable observations.

CORE SKILLS

- MIS and business performance reporting
- Power BI dashboards and KPI visualization
- Report automation
- Stock, inventory and variance analysis
- Daily, monthly and category-wise reporting
- Operational issue tracking and client reporting
- Excel and reporting automation
- Dashboard reporting
